ANALYSIS: (Attach a separate page if necessary)

This fiscal note captures two different aspects of the bill. The first is related to juvenile jurisdiction. The bill would change the statute to allow for juvenile pro-ceedings for individuals over 18 years of age when the person is alleged to have committed a violation of the criminal law of the state, the violation occurred when the person was under 18 years of age, and the statute of limitations for the offense has not expired. Currently, there is no jurisdiction for this if the matter is not brought before the court before they turn 18. The second aspect of the bill is related to court appearances by juveniles. The bill would allow certain juvenile court hearings to be conducted through telephonic or televised participation of the juvenile.

The Division has determined that the fiscal impact of this bill will be zero. The potential savings in court appearances will be offset by the cost to the division to process additional referrals or offenders who fall under
